

# SOAP DISH

## Preparing Today for Tomorrow's Opportunities

Financially assisting college education for orphans today is a step towards eradicating poverty tomorrow.

### SOAP at a Glance

Hello and Welcome to Salt Lake Community College Student Orphan Aid Program (SLCC SOAP). We are a student club here at Salt Lake Community College that believes in good will and in being a helping hand to orphan's.

### What SOAP Does

One way to eradicate poverty is through education. SOAP has a goal of improving the life of orphans by providing the financial means to complete a college degree or education. SOAP will host several events throughout the semester with the intention of having fun and raising enough money to support one individual through college in their home country. When the individual completes college they will be better prepared to help their community and pay it forward. By doing this the community will come out of poverty and the world will be a better place.

### SOAP Talk

For the last couple of weeks we have been in the process of developing the club logo, getting the facebook page up and running, putting our website online, designing the newsletter and flyer, as well as locating the orphan in need. We have also been looking for new members. Event planning is an ongoing process which we will be finalizing this next

excited about these events and we know you will be too.

### SOAP Bodies

In our quest to end this appalling tragedy of poverty, SOAP needs **YOU**. Membership is an integral part of any successful organization, and it is for our club too. With your commitment to be a member of SOAP, we will progress exponentially to eradicate poverty. We would like to formally invite you all to come be a part of the solution. While being a part of SOAP, you will have the opportunity to hone your leadership skills, build relationships, and enhance your educational experience amongst many other things. We look forward to seeing you at our next meeting.

### SOAP Announcements

- Wednesday Feb. 23<sup>rd</sup> we are hosting an event at the Redwood campus in the Student Center. We will be talking about SOAP and passing out brownies and popcorn. Come learn of SOAP and free refreshments!!!
- We will be selling Utah Grizzlies Ice Hockey tickets up until the night of the game on March 23<sup>rd</sup>.

*"Be a Helping Hand"*
